First and foremost, our team at Pro Sports MVP would like to wish you and your loved ones good health and resilience in these unique times. While our firm's focus has historically been on live events, we are now contracting with numerous organizations in taking their events to a virtual platform. The athletes, celebrities, entertainers and speakers with whom we are aligned have also adjusted to the current landscape, technologically and otherwise, and are working with us to meet our clients' needs.

We remain confident that we will all emerge from this global situation stronger than ever. If we can be a resource for you, please do not hesitate to reach out.

Outlined below are recent live and virtual event highlights. Stay safe and be well!
